MUHAMMAD RAFEY

PROFILE

To secure a responsible & challenging position, in a capacity where I can contribute to the growth of both a prospective employer & myself, to work in an environment providing opportunities of learning, growth & career development for the future of the Organization.

WORK EXPERIENCE

Front-End Development Projects

- Designed and developed responsive web pages using HTML, CSS, and JavaScript.
- Created multiple JavaScript projects (e.g., E-commerce app) with dynamic functionality.
- Improved user experience and navigation in personal and academic projects. [\[Live Demo\]](#)

Projects & Coursework

- Completed coursework projects including mini websites and JavaScript functionalities, practicing interactive components to improve coding logic.

React.js Projects & Self-Learning

- Developed a React.js E-commerce app using components, props, state, and hooks (useState, useEffect).
- Implemented basic routing, reusable UI components, and responsive layouts.
- Enhanced skills through self-learning, tutorials, and hands-on projects.

SKILLS

Technical Skills

- Front-End Development:** Strong proficiency in HTML, CSS, and JavaScript, capable of building interactive and user-friendly web interfaces.
- React.js:** Intermediate-level knowledge, including creating and managing functional components, handling props and state, implementing hooks (useState, useEffect), and building modular, reusable UI components.
- Responsive Design:** Skilled in creating responsive and mobile-friendly layouts using CSS techniques and frameworks (e.g., Flexbox, Grid, Tailwind CSS).
